

Technical information

- AKVA PRO 300-T9200300
- Max pressure 10 bar
- Max temperature °C
- Material Ferritic stainless steel
- Insulation - Closed cell polyurethane
- Insulation thickness 100 mm
- Thermal losses 66W
- Energy class B
- Drain connection: DN25(1")
- Venting connection: DN25(1")
- Planned manufacturing series: 1 pcs
- Baffle plates - pc[s]:

Handling

- Cross measure: 1781 mm
- Weight (empty): 100 kg

Additional requirements

Components:

- C1 DN50-80-Socket SS
- C2 DN50-80-Socket SS
- C3 DN50-80-Socket SS
- C4 DN15-80-Socket SS
- C5 DN15-80-Socket SS
- C6 DN20-80-Socket SS
- C7 DN15-80-Socket SS
- C8 DN80-PN16-HST Flange
- C9 DN80-PN16-HST Flange
- C10 DN80-PN16-HST Flange

Surface finish and packing:

Main surface:
Painted sheet metal
Color: White

End cover
ABS plastic cover
Color: Red

Packing:
Normal packing
